

2014 Leaf Schedule

The schedule is listed by your recycling & garbage area.

Area A & B

October 14-16

November 4-6

December 2-4

Area C & F

October 21-23

November 11-13

December 9-11

Area D & E

October 7-9

October 28-30

November 18-20

All leaves are to be raked 12 inches away from the curb line in a windrow (heaped mound). Please keep catch basins free of leaves. Do not place sticks or other debris in with the leaves.

Please have your leaves raked out by the first day of the posted time to avoid missed pick up. We will also pick up leaves in rigid containers on your scheduled yard waste pick up day.

This is the only time we pick up leaves that are raked to the curb. Any other time, they need to be put out in rigid containers on your regular yard waste pick up day.
